

THE JIM FAMILY

# *Detective Gonzalez*

Would someone have thirst  
of killing Jim? He's innocent  
right? It seems like there  
would never be one but, this  
time it is.

## Sunday morning

It was Sunday. For the first time in the life, I woke up myself and went to purchase a newspaper. Well, it was a shiny morning no clouds no rain nor any bad news.

I was proud of myself for waking up by myself. “Hey Kim, Tim and Alexa. I woke by myself for the first time, also bought newspaper” I squeaked.

“Wow, what a huge achievement” Alexa said in bored mood.

“Well, it might not be an achievement for you but, it’s for me” I said with excitement.

But, it was still boring as we did not had any adventures for a long time. It was a long time since we caught the thieves.

In afternoon, dad baked cookies for the first time. It was a bitter truth, but we need to tell that “It tasted like dough dipped in mud and also hard as rock!”

We did not tell this in front of dad though. We are telling you.

Then at 4 pm we went find any work to do which is enjoyable and we found nothing.

At night, we came home exhausted and went straight towards our secret basement where we stood for an hour doing some shooting practice and wrestling with the time.

Then we came up and ate and went to roof top as we were not feeling sleepy.

Then at roof Kim came with an idea of an adventure. We asked him what it was and he answered “We can go to Joseph forest and see animals and also we could help them if they had lost some animals from the forest in the recent flood”. “You are insanely brilliant brother!” Alexa said.

## At The Forest

The next day we had taken a holiday.

Then we were discussing if we can live there for a week or more.

“I don’t have any problem. We can even stay for a month there cause I am actually closing the company temporarily for a renovation and this would take time at of 3 weeks” I said excitedly.

“Ok then. We are going there for at least 2 weeks. So, let’s pack the things that we are going to need for camping” Alexa said. “Yes miss!” we squeaked.

Then we started packing the things that we were going to need. The important things were 2 tents, some sweets, cheeseballs, 4 sandwiches for breakfast and meat bought from market. We don’t want to catch, cut and eat those wild animals. Also it seems very weird to see the cutting of animals. Alexa just vomits up when she see this.

Then we took all those things and as we step outside of our house, Alexa came up with an idea of roadtrip.

Well, it was an interesting idea so we went from our new car. Sorry, I forgot to tell you that we purchased a new car which has a max speed more than the speed of bullet train. But, it's had to control it.

So, we went with a normal car speed to forest. We reached there at noon. There were many cabins made out of wood and there was very big house like office which was also made out of the wood. It must have the headquarters.

## Finding A Lion Cub!

Then we built our tent, in one tent there was I and Alexa and in the second it was Tim and Kim. Then we came out of the tent made a bonfire for cooking our meat and marshmallows. Then we had our lunch of well cooked and delicious loaf of meat and soft marshmallows.

Then at 2 pm, a tall man with a hat came in front of us said “I am your guide for this forest trip. You all with stay with me when we go deep into the forest”. He wore a coat and had covered his hand with cloth strips.

At 4 pm we set out to go deep in the forest. Then as I step out of my tent our guide came and told us that “We have to find a lion cub which has ran from this forest to Mangarool valley. So, take some food to eat and a big stick”. “Finding a lion cub! But, what if his or her mother or father came?” I asked in a frightened manner. “It’s simple, you will go to heaven” he said easily.

“Hey god, we don’t want to come at your palace in heaven. We will be happy to live here” I said by looking up to the sky.

Then our adventure started. We went to Mangarool valley to find the lion cub. We searched here and there, up and down, left and right but, we were not able to find it. Then we went forward and there was a big waterfall and a big tree. We take a rest there for a minute. Ate food, drank water and made a spear of that big stick which we bought.

Then suddenly, there was a roaring. It was not like a big lion does. So that, it was a lion cub trying to roar on the top of the waterfall.

We started to climb the waterfall to the top.

We made to the top of the waterfall.

There was no cub around there. It was feeling silence and guess what, it was the calm before storm! Then suddenly a pride of lion came in front of us. Tim was so scared that he made his pants wet.

There were lions in front and waterfall in back, what would we have done.

## Meeting the detective

We knew we were going to heaven.

Then lions came to attack us but, suddenly a rope came between the line and us.

Then a masked man came from the rope with the help of the stick and then the man throwed a ball which made smoke in the surroundings.

Then he grabbed us and got back from the rope.

We came from the rope to somewhere. It was a small house of stones and wood which had a bell on the top.

Then the man who saved came in front of us. "Thank you for saving our life or we would be in..." I was saying but he interrupted "Heaven. Am I right?" He said and then he removed his mask and it was our guide. Our guide saved our life. "It was you guide" Tim said. "Yes but, I am not your guide. I am Gonzalez, Detective Gonzalez. I came here to save your life sir" He said. "Wait, what? You came here just to save my life? But, why" I asked. "Your life is in danger sir. Someone is in thirst of killing you" he said. "But, why? I haven't done anything that makes me in danger of getting killed" I asked eagerly.

“I don’t know who it is or why it is doing this. I just know that you are in danger. You all will stay with me until the person who is trying to kill you gets caught. Also, Jim don’t even think of getting out from this house for not even taking fresh air” he squeaked.

Then we got into his small house but, when we got in there were thousands of security cameras there, also there was a lift that goes under the ground. We got into the lift and then there was the thing which we never ever expected. It was an under-ground car going towards city which was made by him! “So, that’s how he gets things to eat and a very powerful internet” Alexa squeaked.

Then we had our dinner which was so delicious cause it was ordered from

‘le spécial’

Restaurant.

After that we went to sleep and there was a room like 5 star hotels!

It was so kind of Gonzalez that he saved our life and then give us an excellent dinner and then a 5 star room to sleep.

## A Deadly attack

It was a very good morning I woke in my luxurious room then an automatic toothbrush brushed my teeth then a flying skateboard came near me which was provided by Detective and I stood at it. Then the skateboard itself to the dining table where I got La Pinoz's pizza which more tastier than the last night dinner.

Then the skateboard took me to the bathroom. I took shower than I headed to Alexa's room where she was listening rock music which was provided by Detective, then to Tim's room where he was washing his wet pants as his bathroom clothes washer was exploded which was not provided by Detective then to Kim's room where he was playing video games on the extra large tv which was also provided by Detective then to detective's room which had no windows also there was no noise in his bedroom.

I tried to open the door but, it was locked from inside. "I know, the detective is sleeping as he would have been tired of

treating us a beautiful treatment” I said to myself.

Then I went up to the forest to get fresh air but, instead I got the firing of bullets from the opposite side of the mangarool valley. I started to run into the house but, I got shot on my leg and I fell.

Then suddenly, Detective Gonzalez took a bulletproof shield and stood in front of me. Then he picked held my hand and got me up and ran away into the house.

“AAHHHHHHHHHHHHHHHHHHHHHHHHHH” I cried out of pain.

Then Tim, Kim and Alexa came. “What is happened to Jim?” Alexa, Kim and Tim asked to the Detective.

“I told you that Jim’s life is in danger. The people who are trying to kill him” Detective squeaked.

“I told you to not to step outside” Detective squeaked on me angrily.

Then detective removed the bullet from my leg and bandaged it. Then he started checking my pockets and he found something. It was a Ruby which was shining very much. “How did you get this?” Detective asked me angrily. “No, I didn’t even know how did it came here” I said innocently. “Don’t lie Jim, just tell where did you got this super expensive Ruby from?” Tim asked suspiciously. “I haven’t, you stupid”

“Tim, it does cost more for the ‘Dragon’s Pit’” Detective said. “What do you mean by that?” I asked. “It’s a secret society known for deadly deaths. There’s a sign of dragon’s pit on this Ruby and this Ruby costs more than anybody’s life to the members of Dragon’s Pit. So, it is the Dragon’s Pit who is trying to kill you with...” now Detective was saying but, I interrupted “ A Deadly Attack”.

“Well and good that you understood it. Now go back to your room and rest, also eat healthy things too” Detective said and left to his room back. Then my flying skateboard came turned into a flying wheelchair.

## History?

The again next morning I stayed in my room only, eating healthy breakfast, reading books and playing video games too.

There was also a library in my room and no one had library in his or her room but, I don't know if Detective has library in his room cause I never been through his room.

I opened the gallery and searched for any book of Dragon's Pit and I got one!

It was 'The History Of The Dragon's Pit'.  
"History? This thing has history too!" I spoke to myself.

Then I started reading it.....

'There was a time, when all the people believed in dragons. Some people thought that there are dragons which can throw fire and water from their mouth. Mothers also told their kids that if he/she doesn't sleeps, he/she would be sent to the pit where they supposed to believe that there were dragons. But, after some time all the people who believed in dragons did not

had any proof of the dragons existence, so, the dragons were declared as not existed.

There was a young man named

Drake yuan chang

He knew that there were dragons cause he had seen them when he was accidently fallen into the pit. He saw that there were 2 dragons there. They were sleeping but, suddenly they got up and saw Drake. They did not did anything to Drake. It was a myth that the one who the dragons will not harm would be the dragons king which will have the power to fly dragons and control their fire breath. From then, all the dragon came to the city where Drake lived and bowed to him.

All the people were scared and irritated as some dragons crashed their house and shops. The people made Drake to leave the city and then Drake went to live in the pit. There he trained the dragons and dragons also bought him all the food to eat and water to drink.

After that many people came there to learn how to train a dragon also the dragons gave some of their dragon powers to their owners. It was first named as Drake's Pit.

When Drake died, it was named as Dragon's Pit. In the memory of Drake some people made their own Dragon's Pit and they have a Ruby which was found by Drake's dragon.

It is also said that the yuan currency is named after Drake's dad 'Yuan Li Chang'.

The Ruby had been broken into pieces by Drake to distribute among other Dragon's Pit but, there are 2 Dragon's Pit which are alive in this time which are evil, they want to sell all the Ruby pieces and get money. Those Dragon's Pit can also kill anyone for their Ruby but, there are no Dragons alive now. Now, all the Dragon's Pit are trained for the supernatural powers Drake had..."

"What are you reading?" Alexa said. "Oh, oh, um, I am reading the history of Dragon's Pit" I squeaked. "I didn't know this thing had a history too? Now come for lunch brother" Alexa said and left.

## A Deadly Attack Again

Then I went to the dinning hall for the lunch. There we slurped 2 bowls of Manchurian soup and ate 1 plate full of Manchurian noodles.

“There is something odd. Where is Detective?!” I shouted. “Don’t scream man just chill I was at my room working on some other cases too” Detective came in and said.

“So, how are you feeling?” Detective asked me. “Much better” I said.

Then I went back to my room and again searched for another book about Dragon’s Pit. While I was searching, I heard shouting of Alexa,  
“AAAHHHHHHHHHHHHH”.

Then I went to her room and saw that 2 men from the vent were trying to get Alexa but, then I came and my flying wheelchair threw lumpy tomatoes on the faces of the men. Then they leaved Alexa and were trying to escape through the vent but, a metallic hand came from my wheelchair and hold the hand of one of those men.

Then I saw a dragon's symbol on his hand which was like this.

But, then they were successful in escaping.

Now I was damn sure that they will now try to get anyone of my family or my friends but, I knew they would not try to get my dad as I have done a tight security to my house. So, they will try to get Kim, Tim or also Detective or might be me.

Then I went to Detective and said him to lock all the vents and then I again went to room but, I saw there were the men who tried to get Alexa. Then they saw me and I started to run towards detective's room.

Then suddenly my wheelchair stopped running and said in a metallic voice "BATTERY LOW! BATTERY LOW". Then they threw a bucket full of poisonous snakes and spiders on me. "AAHHHH! I

don't like snakes and definitely not the poisonous spiders!" I shouted loudly.

Then the snake crawled over me and I knew this is the last day of my life. Then when the snake was just going to bite me, someone threw a machete and cut the head of the snake and of course, it was detective! Then he removed all the spiders and snake from me but one snake was still left on the already injured leg then the snake bit me! "That's too much painful! Help me! Please!" I shouted extremely.

Then Kim, Tim and Alexa came. Tim removed the teeth of the snake which was stuck in my leg and bandaged it.

Thank god, it was not a poisonous snake. "A deadly attack again" Detective said.

## Somewhere else?

Then I was back in my room carrying 2 kg of plaster on my leg. I was trying to rest there but, I couldn't. The thoughts of those Dragon's Pit came in my mind.

I went to Tim's room to get refreshed.

When I entered the room, he was trying some experiment. "What are doing, Tim?"

I asked him. "I am trying to make the strongest suit for you, especially for your

legs” He answered. “Oh, thanks. By the way, I am leaving” I said.

Then I went to detective’s room and when I opened the door, I saw he was packing his bag. “Where are you going? You can’t leave us in this situation” I asked. “Not only me. You all are coming with me. We will be going to a safer place which is longert forest where they can’t catch you” He said. “We are leaving this 5 star place. We are going to somewhere else? NOOOOOOOOOOOO!” I squeaked angrily.

Then I went to all the three others and their reaction was also “NOOOOOOOO!”

Then at night we went to the dinner hall. There detective bought something in a plate which was covered with a glass cover. It was looking blurred.

“I know, it is grilled chicken or fried chicken. Detective is doing this because he wants us to eat this very tasty dish before we leave this 5 star palace or just place” Tim said.

“No, I think this is a sausage pizza. Detective knows what is my favourite, that’s why he ordered sausage pizza” Kim said.

“No, it is grilled cheese. I think detective bought this for Jim so that he will become a fat man” Alexa said.

“Guys, let detective speak. Wait, from today we will call him Gonzalez. Not detective” I said.

While opening the glass cover Gonzalez said “So, here I present you ‘The boiled **SLUGS**’”

“Ugh” we all three squeaked.

“Are you sure? Is this for eating?” I asked.

“Yes, I am totally sure. I gave this to you because you will get to eat only slugs in the longert forest. There is nothing more to

eat than this slugs” He said and served us in plates.

Then a slug started to move and got away from my plate.

Then all four of us tried to eat those slugs but, we couldn’t. Tim just tasted a bit and then...

“UUUUUUUAAAAACCCCCCCCCKKKKKKKK”

Yup, he vomited. What you could expect from this slugs would taste like? Then we four pretend to eat all the slugs and came out of this 5 star place.

Then we left with our tents and food and drinking stuffs.

## I Don't Like Snakes

“So, let’s go” Gonzalez said and started walking. “Wait, we aren’t going from a car or any vehicle?” Alexa asked. “Of course no. I couldn’t afford a car or even a cycle. I used all my money at that 5 star place” Gonzalez squeaked.

“NOOOOOOOOOOO!” Kim, Tim and Alexa shouted. Well, I didn’t as I had my flying wheelchair. I am bit lucky.

Then all four were walking and my wheelchair was flying too.

After walking for 3 hours finally Gonzalez allowed us to take break. It was 1 at morning. Then we eat some sweets drank water and rested for a minute and left again.

Gonzalez was looking happy while walking and all the other 3 were exhausted. Then Gonzalez headed towards a short bushy way. "Are we going to the correct side, Gonzalez?" I asked. "Oh, yes, we are going to the correct side" he answered.

“Doesn’t it look, scary?” Tim asked. “I don’t think so. This is even more joyful. Now come on, get forward” Gonzalez said. Then we went forward and forward and the way became shorter and shorter. Then Gonzalez who was at front stopped. “What happened Gonzalez?” I asked him. “Umm, I think so, we have come to wrong side” He said. “Oh no. We will need to get back again! I am already exhausted!” Tim squeaked. “No, there is no way back and forward” Gonzalez said. “Are you okay Good sir?” I asked. “Well, you will be the most frightened person in the world” he said then he got aside from our front

And yes, he was right. “I am already dead... snakes!” I shouted. Then we started running backward but, there were snakes at back too. “I don’t snakes” I cried like a baby.

“Now, what are we going to do?” Alexa asked to Gonzalez. Then he took out 4 pairs of boot which were looking very cool and then he said “Wear these. You all will fly” He said. Then all four wore those but then “What about me?” I asked. “Did you forgot that you a flying wheelchair?” Kim said.

“Thanks for telling” I said and then we flied away.

Then we were flying and then “Now press the Purple button on your boots and Jim, press the yellow button on that wheelchair” Gonzalez said. Then we pressed those buttons and all their boots stopped flying and my wheelchair stopped flying too. Then we all fell down in a muddy swamp.

“Ugh, disgusting” Tim squeaked. “Why didn’t you Give those boots to us for our journey?” Alexa asked to Gonzalez.

“This boots can explode if we use them more than 10 minutes!” Gonzalez yelled.

## Ruby Dust?

Then we got out of that muddy swamp and changed our clothes in our tents.

It was 5 in morning so, we decided to live here (A island between that muddy swamp) for a day. Yup, we were still not at Longert forest.

Then we rested there till evening. Then we set out for some food for night.

I and detective went to find food. We were looking for food on ground but, we didn't get there so we looked near swamps where we would find slugs!

We would actually eat this slugs as we were starving too much! And Tim was almost fainted.

"Hey, Jim" Gonzalez said "You go there and I will go there"

He said by showing directions.

I was starving but, Gonzalez didn't even looked tired. I was searching for food and I got it!

I found some apples and melons!

Then I headed towards the direction where Gonzalez went. I was searching him here and there but, I couldn't find him.

Then I started to get back towards our tent cause I knew he will come back. I was on my way and I saw someone between the bushes. It was looking at something. I went nearer to it and saw it was Gonzalez!

"What are you looking for?" I asked him

"Oh, um, nothing. I was just looking at... that honeycomb" he squeaked.

"Ok, so let's get back, shall we" I said and we get back to the tent.

Then we ate those fruits and then it was night. We had spread our beds and went for sleep.

All were sleeping but, then someone wake me up and of course, it was Gonzalez.

“Wake up, I have got you to see something” He said and took me away into the bushes where he was looking at honeycomb.

Then he pointed towards something shiny and said “This is a Ruby dust. Even this tiny thing costs millions”. It was too shiny and was looking a bit red. Then went towards it to take it but, Gonzalez stopped me.

“Jim, if you take this, your life will be in danger. Even if Ruby’s dust is fallen somewhere. The Dragon’s Pit can find it. Well, I don’t know how but, they will find you” Gonzalez said in a threatening voice.

“Ok, so, what should we do then” I asked rapidly and he answered rapidly too that “I think we should leave it here only. As, we are leaving from here tomorrow. But, listen lad. If Ruby’s dust is here then the Dragons’ Pit is too close”.

I was actually threatened. Then I just tried to touch it but, Gonzalez stopped me.

“Never touch a single part of Ruby when you are not wearing a Zermalus ring or

you will go to heaven very easily. It is the ring made from tooth of... Of course Dragons” he yelled at me.

Then we went to our tent. I and Gonzalez weren't sleeping. “Why are you saving me, Gonzalez?” I asked him. “Cause you saved my life, my daughter from those notorious thieves, didn't you?” He answered.

“But, I didn't saved her. It might be Tim or Alexa, or might be military?” I said confused. “No, you saved my daughter. When you all were coming up, you caried my daughter and then a nasty thief again attacked on my daughter but, you came up with your super gloves, Am I right?” He said. “Well, yes. Ok, so goodnight” I said and fell asleep.

**We reached!**

Then it was morning. We just bathed our face and then took some breakfast of (only) water and went forward towards Longert forest.

Again we were walking but, I was still flying.

We walked and walked and at last, we didn't reached the forest!

Then in between we took a rest.

And for first time in life Alexa was exhausted! Of course! she would, after walking for miles. Tim and Kim are always exhausted. But, if we put three buckets full of cheeseballs for Tim and 4 extra large and cheesy pizzas for Kim, when they don't get food for a day, then they can run 10 times faster than Usain Bolt (World's Fastest Man).

Well, I wasn't tired and Gonzalez too! I don't understand how is he not tired from walking miles away!

Then Gonzalez started to search for something. “What are you searching for?” I asked. Then he finally stopped in front of a board. “Well, we have reached Longert forest. But, I am not happy cause we are not walking more away. URGHHHH!” he said.

Then I went to the other three who were sleeping and said “Guys, a good news! We have reached The Longert Forest!” I squeaked. Then all those three were feeling very relaxed. “Now, I can peacefully fall asleep” Tim said like he was in beautiful place like heaven and then all the three fell asleep.

[illegible]

Tim snored loudly!

You mean...

Then I and Gonzalez started to make a tree house.

After 4 hours of work, our treehouse was finally done! There was a last thing of writing

**“Dragon’s Pit, Jim doesn’t lives here”**

Then it was night time. We all were starving (except Gonzalez).

Then finally, Alexa got some slugs and blueberries, and Kim got some eatable leaves. We were so starving that we could eat anything, including slugs.

After eating some leaves, blueberries and slugs we were full. Then it came to bedtime so we took out our portable and fluffy beds and fell asleep.

The next morning I woke up and brushed my teeth and took a bath with some of the drinking water and then I went upstairs towards Gonzalez and saw he wasn't there!

There was a note it said “Jim, I am at other place. Use my compass to find me. Go north first and then you will see a Giant tree. Then go to its left and you will reach a place where I have written another note”.

Then I quickly woke up all other three and told them all the thing and we went to find him.

As he said, we went towards north and we saw a very huge tree and we turned left.

Then as I went forward, I saw a very big temple like monument.

Then I went towards it and saw there was a note at the front of it.

It said “Jim, I was sure you will find it. So, now go inside this monument and there must be a button which would have three triangles in it. Just push that button”.

Then we got inside that temple like monument and there were many sculptures and paintings. Tim and Kim were very scared but, I wasn't as Gonzalez was my last hope to live.

Then we reached to an end point and the button was there only. Then I pushed the button.

Then we went down somewhere.

Then I went out and saw there was someone standing and I knew who he was “Gonzalez, I reached here to find you. But, why did you came here?” I asked him.

“Well, it is my home, Jim” He said “Oh, Um, but, why do you have so much big home?” I asked again. “Cause this is not only my home, it is also home for more 1000 people” “Um, who 1000 people?” I asked. “What a stupid are you, still didn’t understood that it is the home of The Dragon’s Pit” “Wait, you mean... you are one of those members of, Dragon’s Pit?” I said threatened.

“Its good that you at least understood this but, I am not only a member, I am the leader” he said and made an evil laugh.

“So, does that mean you are in thirst of killing Jim?” Alexa asked “Oh, baby girl understood too, HA! HA! HA! HA!” he said and laughed. “You cheated to me? But, why? I saved your daughter!” I yelled at him.

“There is not any daughter of me you dumb. And also, I did it because you let my brother in jail and then he killed himself. My brother, Bert Simons” He said and removed his human mask.

“Uncle Brian? It was you!” Kim yelled.

“Oh yes, it was me. Cause of you, my brother is not alive” He said. “So, then, why did you saved me from those attacks?” I asked strangely. “It was my plan. I said them to attack you and then I will save you. I did it just to gain your trust so that after you come to Dragon’s Pit, I could get the happiness by seeing you get you leg cut off and I would also like to tell that I was not tired cause I wore a Dragon’s invisible suit” He said and called one of those 1000 people and said “Listen all members of Dragon’s Pit. Today you all will get to eat fresh human flesh” and then they got all of us handcuffed.

## Dragons?

Then they took us towards a big chopping table.

And landed us there and a man came with an axe and that axe was for to get my head cut.

Then all cheered “Flesh! Flesh!”

Just then the chopper man was going to cut our head. He then waved his axe up and then as he was going to cut our head a roaring voice came.

Then all the people looked here and there.

Just then the roof broke and a Dragon came in. I was not able to believe my eyes.

Then the Dragon put fire on those people. Half of the people were burned and half started running. "A Dragon?" Alexa, I, Tim and Kim said together.

Then Uncle Brian or just Brian took me in a secret room and there he opened my handcuffs and took a sword and gave sword to me and said

“Come on, let’s have a fair fight”

Then I got up and started to fight. I was not able to fight very professionally. Then at last I fell down of ground and he said “Now you are done, Jim”.

Just then a person came in the secret room and knocked off Brian and that person looked at me and said “Oh, it seems I am meeting the owner of Golden Swan Tourism, Jim Mick Rosenberg. Jim, I am the real Detective Gonzalez which is

also in The Dragon's Pit but, not in this one. I am in a good Dragon's Pit" Then he pulled me up and got me out from that room and then I broke the handcuffs of Kim, Tim and Alexa.

Just then the Dragon came back and sat there. "I didn't knew that there were Dragons still alive" I said to Detective. "Those are not real Dragons, those the artificial one" He said and then loads of people came out of that artificial dragon.

"Jim, who is he?" the other three asked and I said "This is the real Detective Gonzalez which is also in Dragon's Pit but in a good Dragon's Pit"

## Back Again

Then we again went back to home.

“Back Again!” we yelled.

Then dad came and asked us that where we were for those 2 months and we said

“We were at Mangarool and Longert forest and we lost so we stayed there for 2 months”

Then first we ate lots of food which we seemed to be the tastiest food ever.

You, I am talking to you not anyone other. You now understood to not trust anyone easily. So, keep this in mind and say Bye.
